## OBJECTIVE

---

I have successfully earned my Bachelor's degree in Information Technology from SPPU University, where I honed my programming and database skills. I'm eager to leverage these skills as a Software Engineer, aiming to expand my expertise in the software field. I am enthusiastic about contributing to a dynamic work environment that encourages creative thinking, while also providing avenues for personal and professional growth. My goal is to contribute to meaningful projects in a setting that fosters innovation and offers opportunities for advancement.

## EDUCATION

---

<b>Bachelor of Engineering</b> , Pune University Information Technology (8.41 CGPA(First Class))	2022
<b>A.W. College of Science</b> , State Board Maharashtra	2017

## SKILLS

---

<b>Technical Skills</b>	Java, J2EE, Spring Boot, MVC, HTML, CSS, React.js, SQL, GIT
<b>Soft Skills</b>	Optimism, Presentation, Communication, Analytical and Problem-solving

## EXPERIENCE

---

<b>Full Stack Developer</b> (Full time) Eptiq Technologies, India	May 24-Present
<ul style="list-style-type: none"><li>Developed and maintained scalable web applications using modern technologies such as React.js and Spring Boot, improving user experience and application performance.</li><li>Implemented RESTful APIs and integrated them with front-end components, ensuring seamless data flow between the client and server-side applications.</li><li>Collaborated with cross-functional teams to design, develop, and deploy new features, while also troubleshooting and resolving bugs to ensure a smooth user experience.</li><li>Optimized application performance by identifying and addressing bottlenecks, conducting code reviews, and implementing best practices in both front-end and back-end development.</li></ul>	
<b>Frontend Intern</b> O2O Mavericks Private Limited, India	Feb 24-April 24
<ul style="list-style-type: none"><li>Developed and maintained user-facing features for web applications, utilizing frontend technologies to enhance user experience.</li><li>Collaborated with the development team to implement responsive design and improve application performance.</li><li>Assisted in debugging and troubleshooting frontend issues to ensure smooth functionality and optimal user engagement.</li></ul>	
<b>Full Stack Web Development Intern</b> Bharat Intern, India	Jan 2024
<ul style="list-style-type: none"><li>Gained hands-on experience in both front-end and back-end development during the Bharat Intern Full Stack Development Internship.</li><li>Enhanced understanding of the full development lifecycle through practical application at Bharat Intern.</li><li>Honed design sensibilities by contributing to user interface (UI) enhancements.</li></ul>	

## Web Developer Intern

Dec 2023

LetsGrowMore, India

- Leveraged internship at Lets Grow More to gain practical experience applying web development and design principles to real-world projects.
- Bolstered web development proficiency through building responsive websites.
- Honed design sensibilities by contributing to user interface (UI) enhancements.

## Java Developer Intern

Nov 2023

Oasis Infobyte, India

- Applied theoretical Java knowledge to real-world projects during the Oasis Infobyte internship, strengthening Java core skills and problem-solving abilities.
- Honed coding and debugging proficiency through hands-on project experience at Oasis Infobyte.
- Elevated Java development expertise through exposure to industry best practices and a supportive learning environment at Oasis Infobyte.

## PROJECTS

---

**Full-Stack CRUD Application using Spring Boot and React:** Developed a full-stack CRUD application leveraging Spring Boot for the backend and React Hooks with Functional Components for the frontend. Created and managed RESTful Web Services (APIs) using Spring and MySQL, tested with Postman, and handled API requests in React using Axios.

**Key Technologies:** Spring Boot, React, MySQL, REST API, Axios, Postman. ([Try it here](#))

## CERTIFICATION

---

- Certified Full Stack Developer from QSpiders, Pune.
- Fundamentals of Docker and Kubernetes from Scaler Academy
- TCS iON Career Edge - Young Professional, TCS
